Robin's Nest Cafe is the winner of the Most Egg-cellent Omelet in Iowa Contest

Urbandale, Iowa (June 6, 2017) - The Iowa Egg Council would like to congratulate Robin's Nest Cafe, formerly Vaughn's Cafe, on serving the #1 omelet in Iowa. When asked about winning the Most Egg-cellent Omelet in Iowa contest, owner Robin Larson was beyond thrilled for the honor. "We were all super excited when we found out. I was at my son's baseball game, and I got quite a few stares from people when I started yelling," said Larson.

Although Larson has only owned the cafe for roughly two years, she was quick to say that Vaughn's has always been a staple in the community of Clarinda long before she changed the name. "We didn't even really know about the contest. One of our customers brought it to our attention," Larson stated, "they said they wanted to help promote the Cafe."

Robin's Nest serves all-day breakfast. They serve five different types of omelets, in addition to a create-your-own omelet. Of their omelets, Larson said that, "the Rancher is our most popular." Looking for the secret to a perfect omelet? Larson gives one simple answer: a lot of love.
